EXECUTIVE SUMMARY

An independent and fast learner with experiences in designing for user interfaces and experiences. Work well in both small teams and large organizations. Meticulous and reliable in delivering results in a timely manner.

EDUCATIONAL BACKGROUND

National University of Singapore—Bachelor of Arts (Industrial Design) with Honours Aug 2018 – Jul 2022
CAP: 4.63 (Highest Distinction)

PROFESSIONAL EXPERIENCE

NUS Division of Industrial Design—Design Platform Archive Dec 2021
Student Researcher

- Assisted in designing and developing frontend of the DID Archive website with Javascript and data from Airtable
- Designed a sustainable workflow from student submission to upkeep of backend data and rendering on frontend
- Data entry of past projects into Airtable and created a documentation

Lionsbot International Pte. Ltd. Jan 2021 – Jun 2021
UI/UX Intern

- Designed new robot interfaces and redesigned existing mobile and web applications for various stakeholders
- Collaborated closely with developers in an agile development team to actualize my designs
- Created original graphical assets and short animations to be used across company's digital platforms

NUS Information Technology—UX Enhancement for IoT Automation Solution Project Dec 2020 – Jan 2021
UX Design Intern

- Led the project as the sole designer to understand user behaviours through interviews with stakeholders
- Redesigned existing UI and presented iterations of prototypes based on insights and feedback from stakeholders
- Conducted usability testing and worked with developers to develop and launch the application

The Necessary Stage Ltd. —We Were So Hopeful Then Jun 2019 – Aug 2019
Assistant Stage Manager

- Sourced, crafted, and managed props according to the creative direction of the production
- Conducted meticulous checks of props, costumes and set before every show and cleaned up post-show
- Communicated with cast and crew to ensure needs are met and everything is running on schedule
